

**RFQ04 : CCTV CLARIFICATION QUERY LIST**

PLEASE PREPARE ANSWER FOR THE FOLLOWING QUESTIONS IN A PROPER MANNER AS CLARIFICATION SUBMISSION	
1	Kindly print out and bring along the submitted Appendix 14: List of Event Mapping
2	Kindly conduct short demonstration for ONLY those declared as standard module / function available according to Appendix 14. Keep it short and simple, within overall maximum of 15minutes.
3	Based on scale of 1 to 5, kindly rate your proposed analytic engine / software (1 = the proposed analytic engine / software is very difficult to integrate with any CCTV, 2 = difficult, 3 = average, 4 = easy, 5 = the proposed analytic engine / software is very easy to integrate with any CCTV brand)
4	Kindly print out and bring along the submitted Appendix 6: Product Cost Structure for Out-right Purchase Model
5	Describe your Proposed Analytics
6	Does your Proposed Analytic is (i) an appliance based; OR (ii) software based; OR (iii) server based; OR (iv) combination of hardware and software
7	Based on Appendix 6, kindly indicate (i) the items of Proposed Analytic; and (ii) Total price of the Proposed Analytic
8	Can we ONLY purchase your Proposed Analytic, and the price remains unchanged?
9	Can we develop new analytic?
10	Can SSDU own those new analytics developed?
11	Can we resell those new analytics?
12	If SSDU wants to scale up to 1000 CCTV, does your Proposed Analytic able to fulfill sufficiently?
13	Based on your proposed analytics, what is required in order to scale up to 1000 CCTV? (i) Additional Software License for Analytic; (ii) Additional NVR; (iii) Additional VMS; (iv) Additional Server for Analytic; (v) Additional Professional Charges
14	Kindly indicate the itemised additional cost according to the above question.
15	Kindly print out and bring along the submitted Appendix 9: Project Track Record
16	Based on Appendix 9, kindly indicate the CCTV brand and model used for each track record
